

For this assignment you will turn in a pdf file that has been generated by R markdown file for each of the problems below.

1. Exercise 6.7.1 on page 116 of Winter 2020.  
(Note the data file to use is `ELP_length_frequency.csv` not “full\_length”.)
2. Exercise 12.8.1 on page 216 of Winter 2020.  
(Make sure to read section 12.6 which begins on page 210.)

The data sets for these exercises are available here.
